

MEET THE GLOBAL SALES AGENTS

Cricket Liu – Hong Kong, Taiwan & Mainland China (Sub Agent with CBME)

Director, EcoSafene Products Technical Service Co.,Ltd

A highly confident, industrious and credible professional in training and consulting of testing and certification services, especially for fire safety and environment protection, Cricket Liu brings both certification and business development intelligence to help manufacturers in the markets of Hong Kong, Taiwan and Mainland China (as a sub agent with CBME) connect and achieve certification awards for their products with Global GreenTag International.

Cricket adds special knowledge regarding worldwide regulations and standards. He has developed his knowledge and experience over 20 years, beginning his career as a Product Engineer and then into the field of product testing where Cricket became involved with building EcoSafene in Xiamen at the Chinese Academy of Sciences, a research and development institute that provides third-party laboratory testing, focusing on environmental protection and fire safety.

Cricket has a Bachelor's Degree in Mechanical Engineering from Jimei University, a Master of Business Administration (MBA) Marketing from New Huadu Business School and a degree in Business Administration and Management, General from National Taiwan University.
