

GLOBAL GREENTAG INTERNATIONAL PRODUCT ASSESSMENT TEAM

Dr NANA BORTSIE-ARYEE

Acting Lead Product Assessor,

EPD Program Manager, African Business Development

Nana manages the Global GreenTag Environmental Product Declaration Program and is responsible for overseeing Business Development in Eastern, Western and Northern Africa.

Nana is a Sustainability and LCA Specialist who is also a Product Assessor with a Master of Engineering in International Material Flow Management and Master of Science in Environmental Policy and Administration, and holds a PhD in Water Footprinting.

He is also a qualified Exemplar Global Environmental Management Systems Lead Auditor.

Nana's Product Assessment responsibilities include client liaison, project management, information collation and assessment, developing life cycle inventory based on manufacturer information provided, LCA consultant management, technical research, certification collateral production and reporting and working with client technical and factory representatives to achieve certification under the GreenTag Standards.

He also handles all aspects of contract administration to ensure contracts are compliant with and fulfil contract conditions and is knowledgeable in the major green building rating tools including Green Star®, LEED® and BREEAM®.

Nana brings over 8 years of experience as a consultant in Environmental Management, Water, Life Cycle Assessment, GHG Emissions, Industrial Ecology and Business Strategy from working in multiple Geographies including Ghana, Germany, the United States and most recently New Zealand. He has also published peer reviewed papers on life cycle assessments.

GLOBAL GREENTAG INTERNATIONAL

Global GreenTag International provides Type 1 (third party) product certification, declaration and verification programs for manufacturers with exemplar green product lines in building materials, interiors, personal care and cleaning products.

Using Global GreenTag Cert™ (one of the most scientifically advanced, product certification standards in the world) Global GreenTag simplifies the selection of environmentally sustainable, healthy and ethical products for industries like Architecture, Design and Construction. The system both assesses and ranks products through leading LCA and LCBA based product ecolabelling and rating schemes that also include a CarbonRATE™ scheme.

Global GreenTag also provides third party, assessed product declaration programs – an Environmental Product Declaration (EPD), a Product Health Declaration (PHD) and a Modern Slavery Declaration (MSD), which is the first product level declaration of its kind in the world to help manufacturers and procurement teams eliminate modern slavery occurring in global supply chains.

Helping professionals to make informed decisions about preferred green and ethical products to protect both the health of environment, workers and consumers, Global GreenTag currently has more than 16,000 products under certification in over 22 countries, used in buildings and offices throughout Australia and the world.
