Bio – Tyann Scott

**Sales Manager and Business Development
Global GreenTag International Pty Ltd**

Email: tyann.scott@globalgreentag.com

Mobile: +61 0430 010 275

Tyann Scott has a depth and breadth of knowledge and experience in the Australian manufacturing sector with companies like Tarkett, Cosentino, Schiavello and The Laminex Group – and across areas including product specification consultancy and business development.

All of Tyann's building sector experience has been with current or past clients with Global GreenTag certified products and she is a unique asset to the company, offering a wealth of experience and knowledge from the manufacturer's perspective, in addition to understanding the needs of the built environment sector.

Tyann has a strong knowledge of Green Star relevant products, fitout and development projects. She has a successful history of educating Architects and Interior Designers with accredited presentations that give them Certified Professional Development (CPD) points from both a sales and technical level. She is also a CPD presenter with training in other building tools, including NABERS, WELL and LEED with areas of expertise in the Life Cycle Analysis process, Well Being and ergonomics.

In addition, Tyann has valuable experience as a qualified Real Estate Agent, who has completed many successful, medium to high end property transactions. She also understands the legislative and risk mitigation requirements of property and development with sound knowledge of the Building Code.

Global GreenTag International bio:

Voted one of the Top 100 Most Trusted Brands in Australia over 3 years running, Global GreenTag International simplifies the selection of environmentally, sustainable, healthy and ethical products for industries like Architecture, Design, Construction, Personal Care and Cleaning - using Global GreenTag Cert™ one of the most scientifically advanced, product certification and declaration systems in the world.

Helping professionals to make informed decisions about preferred green and ethical products to protect both the health of environment, workers and consumers, Global GreenTag currently has more than 14,000 products under certification in over 22 countries used in buildings and offices throughout the world.

Global GreenTag Cert™ assesses and then ranks products through leading LCA based product ecolabelling and rating schemes, including from 2023 a new NaturePositive+ Standard that will benefit projects for the circular economy, providing assurance that products certified under the Standard are not only creating circular, natural resource flows but also how their design is helping to restore biodiversity and can assist in regenerating the climate and ecosystems.

Global GreenTag International also provides third party, assessed product declaration programs, including an Environmental Product Declaration (EPD), a Product Health Declaration (PHD) and a Modern Slavery Declaration (MSD) program, which is the first product level declaration of its kind in the world, designed to help manufacturers and procurement teams eliminate incidences of modern slavery in global supply chains.
