## as established ECO EPD Programme

---

Global GreenTag International Pty Ltd.

We hereby confirm that the above-mentioned ECO EPD Programme Operator was successfully audited by ECO Platform against the published verification guidelines of ECO Platform. Audits include verification of compliance with underlying standards such as ISO 14025 and EN 15804. Based on regular audits, ECO Platform can confirm that established ECO EPD Programme Operators perform independent verifications by qualified third parties.
