

# GLOBAL GREENTAG INTERNATIONAL PRODUCT ASSESSMENT TEAM

## **JYOTHI AJITHKUMAR** **Product Assessor**

**Jyothi** holds a master's degree in environmental engineering and a bachelor's degree in civil engineering. She comes with a solid background in conducting Life Cycle Assessment for products and software and is a qualified Exemplar Global Environmental Management Systems Lead Auditor.

Within her role for Global GreenTag, Jyothi manages projects in South Africa and other countries. Her responsibilities encompass client liaison, project management, information compilation and evaluation, technical research, certificate collateral production and communication with technical representatives to ensure compliance with the Global GreenTag International Product Certification Standard.

Jyothi is also knowledgeable in the major Green Building rating tools.

## GLOBAL GREENTAG INTERNATIONAL

Global GreenTag International provides Type 1 (third party) product certification, declaration and verification programs for manufacturers with exemplar green product lines in building materials, interiors, personal care and cleaning products.

Using Global GreenTag Cert™ (one of the most scientifically advanced, product certification standards in the world) Global GreenTag simplifies the selection of environmentally sustainable, healthy and ethical products for industries like Architecture, Design and Construction. The system both assesses and ranks products through leading LCA and LCBA based product ecolabelling and rating schemes that also include a CarbonRATE™ scheme.

Global GreenTag also provides third party, assessed product declaration programs – an Environmental Product Declaration (EPD), a Product Health Declaration (PHD) and a Modern Slavery Declaration (MSD), which is the first product level declaration of its kind in the world to help manufacturers and procurement teams eliminate modern slavery occurring in global supply chains.

Helping professionals to make informed decisions about preferred green and ethical products to protect both the health of environment, workers and consumers, Global GreenTag currently has more than 16,000 products under certification in over 22 countries, used in buildings and offices throughout Australia and the world.
