

# Project Floors & Global GreenTag International

*Thrive® | Where Innovation Meets Responsible,  
Sustainable Manufacturing*

## **Discover Why Project Floors is a Responsible Manufacturer**

Join us for an exclusive presentation and networking event to explore the world's first **carbon negative** carpet fibre through the lens of Global GreenTag International, who provide other levels of sustainability certification for Thrive® matter. This event is proudly supported by the New Zealand Retail Interiors Association.

### *What you'll gain:*

*Understanding the importance of third-party certification*

*How Thrive® Matter supports carbon negative innovation*

*Practical insights for sustainable project design*

### *After the presentation:*

*Network with industry peers while enjoying a selection of the region's tastiest wines and cheeses - local and sustainable, just like Thrive®.*

### **Keynote Speakers**

**Tyann Scott** | Global Sales & Business Development Manager at Global GreenTag International. Tyann is a sustainability expert at Global GreenTag International, with deep knowledge of product certification, Green Star, and building compliance.

**Phil Smith** | Founder of the award-winning Smith Architects Ltd, recently won Silver at the Commercial Project Awards for Punawai, Kristin School's new Music Studio.

4.30 - 6.30 | Thursday, 26th June

**Tailor Inc**

30 Customs Street East  
Auckland, CBD

**RSVP | Tuesday 24th June | [ngaio@projectfloors.co.nz](mailto:ngaio@projectfloors.co.nz)**
