

Bio Mary-Lou Kelly

Managing Director
Global GreenTag International Pty Ltd

Director Global GreenTag LLC (USA)
Director Global GreenTag Sdn Bhd (Malaysia)
Director Global GreenTag Pty Ltd (Africa)

Mary-Lou Kelly's involvement in the sustainability field spans almost 30 years, building and guiding a number of successful, sustainability-focused companies that have served and supported the growth of the green building industries. She is a co-founder and Managing Director of Global GreenTag International and co-founder of the certification company's award winning Global GreenTag International Product Certification Standard, which has embedded strong principles and materials transparency requirements, aimed to reduce Modern Slavery in supply chains.

In addition to also being a Director of Global GreenTag LLC (USA), Global GreenTag Sdn Bhd (Malaysia) and Global GreenTag Africa, Mary-Lou is a strategist and futurist at heart, collaborating with a number of external bodies to help accelerate positive future change. These include leading a mission to bring about a new Earth Jurisprudence that incorporates transforming the Law for Earth, Humans and Business and, volunteering with the United Nations to help accelerate implementation of the Sustainable Development Goals for 2030.
